## Information Security Policy

---

It is the goal of Laser Tech UK Limited to preserve the confidentiality, integrity and availability of all the physical and electronic information assets within the Company.

We are committed to satisfying statutory, regulatory and other applicable requirements related to information security.

We will implement technical and organisational measures to ensure a level of security appropriate to the risk to the information.

To ensure that these commitments are met the Company will ensure that all staff and persons operating on our behalf are provided with the necessary resources, knowledge and training.

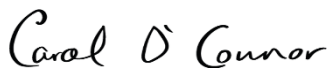

To achieve these key commitments the Company operates a Management System which satisfies the requirement of ISO 27001:2022.

We are committed to the continual improvement of our information management system and our overall performance.

The Directors have the ultimate responsibility for the effective operation of the information management system.

We shall ensure that this Information Security Policy is communicated, understood and applied within the Company and available to relevant interested parties, as appropriate.

The Directors will regularly review this Information Security Policy and its practical application to ensure it remains adequate and current in line with applicable standards and requirements.
